

LEVEL UP YOUR SPACE

2025 PRODUCT GUIDE

REACH NEW HEIGHTS

Adex Group is a family owned business that has over 35 years of experience specialising in Mezzanine Floors and other associated products. During this period our prime objective has been customer satisfaction and this has been achieved through experience, reliability and service.

We have our very own manufacturing facility which enables us to attend to every detail and specifically design and construct to your every requirement.

Our friendly staff are always willing to help and advise any customer with the smallest enquiry to very large projects.

Our experience will help you make the right decision for all your storage needs. Our obligation free design and quote service is available for your assistance.

A handwritten signature in dark grey ink, appearing to read 'Daniel Proctor', with a long horizontal flourish extending to the right.

MEZZANINE FLOORS

Our Mezzanine Floors are a fast & economical way to add extra floor space within the shell of an existing building.

With increasing building costs and rental fees, every square metre of your office and warehouse area needs careful planning and design to yield maximum space efficiency.

Maximise Space

Create extra room for display or storage.

Fast and Economical

Expand your floor space without building out.

Cost-Effective

Save money compared to relocation.

Add Value

Increase your property's worth.

Versatile

Ideal for storage, shops, offices, and more.

Flexible & Portable

Non-permanent, freestanding structure.

Double Your Space

Maximise your footprint without expanding.

Easy Installation

Quick and hassle-free setup.

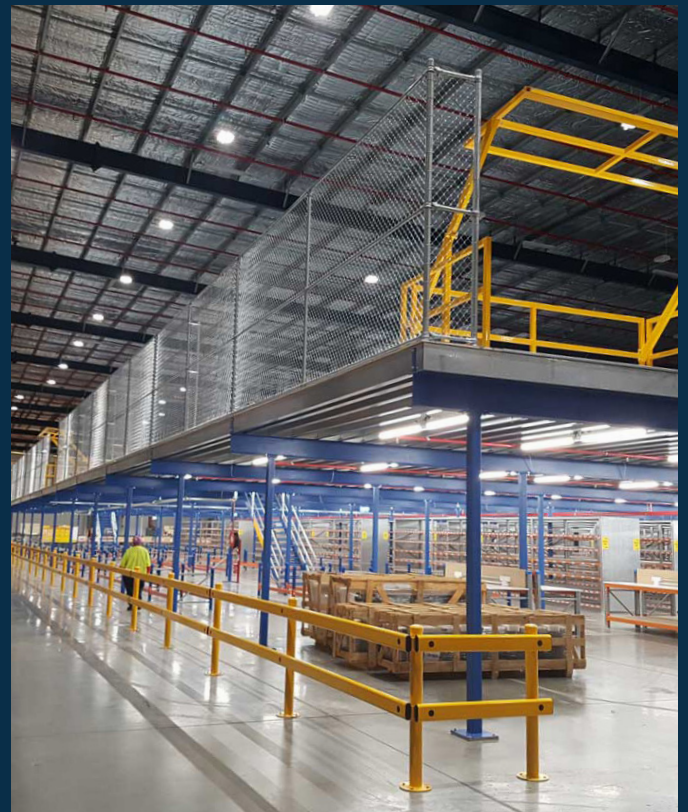

Customisable

Tailor-made storage and flooring options.

LIFT YOUR
BUSINESS
HIGHER

Mezzanine Floors are freestanding systems which do not depend on the structure of the existing building.

This unique system is completely demountable to make relocation easy.

Structure of the platform will be carefully considered by our engineer for any desired weight loadings.

**BUILT TO AUSTRALIAN
STANDARDS
AND ENGINEERS
SPECIFICATIONS**

2 MEZZANINE OFFICES

Mezzanine Offices or Elevated Office Areas are designed to accommodate each client's individual needs.

We customise to fit around existing equipment, building columns and other obstructions.

Ideal for:

Extra Offices

Computer Rooms

Lunch Rooms

Staff Rooms

Storage Space

Bathrooms

Secure Rooms

Change Rooms

Maximise Space, Minimise Disruption

Add more functional space without costly expansions or downtime.

Turn Air into Opportunity

Convert unused overhead space into practical areas that increase efficiency.

Cut Costs, Not Corners

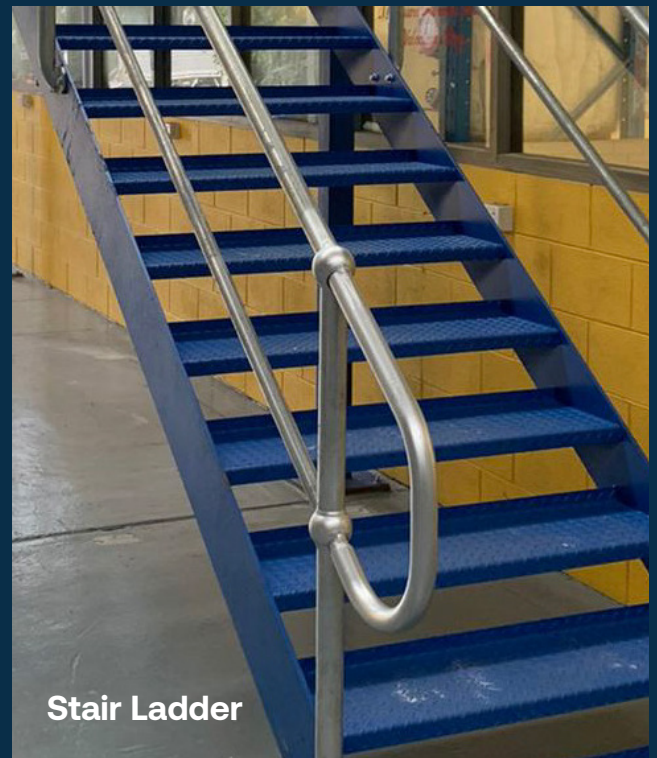

Avoid new builds and achieve the same results at a fraction of the price.

3 STAIRCASES, LADDERS & RAMPS

Adex manufacture a fully welded staircase which has chequer plate treads. Handrails are also fitted to either one or two sides of the staircase as per requirements.

These items are all manufactured to meet Australian Standards. Stair ladders are another option to consider where floor area is scarce. A stair ladder has an incline of between 60° - 70° allowing them to be placed in confined spaces.

Ramp

4 WALKOVERS & SERVICE PLATFORMS

Expand your workspace without expanding your footprint.

Our walkovers and service platforms offer efficient solutions to maximise space and improve workflow. Custom-designed to fit your specific needs, they are durable, safe, and easy to install.

Elevate Productivity

Create dedicated zones for storage, office work, or operations, streamlining your

Space That Pay for Itself

Boost efficiency and generate long-term savings on rent and operational costs.

Go Vertical, Stay Competitive

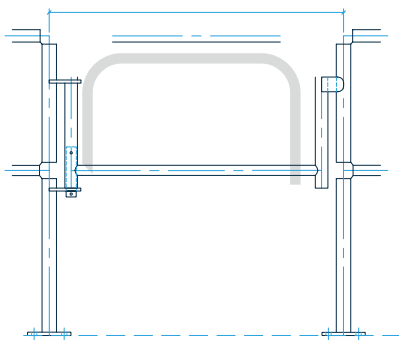

Optimise every square metre—make the most of your facility to stay ahead in a crowded market.

5 GATES & ROLLOVER SAFETY GATES

Secure your space with reliable gates and rollover safety gates.

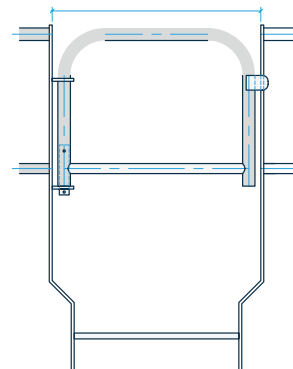

Secure your space with our durable gates and rollover safety gates. Safety and security, guaranteed.

Double Gate
Not Self Closing

Lock in Safety, Unlock Peace of Mind

Protect your staff and equipment with gates built for security and durability.

Prevent Falls Before They Happen

Rollover safety gates ensure workers stay safe while managing elevated spaces.

Safety That Works as Hard as You Do

Our rugged gates stand up to heavy use, providing dependable security every day.

6 FLOORING

Quality Makes the Difference

Enhance your space with our high quality flooring options. From durable industrial flooring to stylish commercial and residential choices, we have the perfect solution to meet your needs.

Particle Board

Ideal for applications such as light storage and office use. Not recommended for Pallet Jacks.

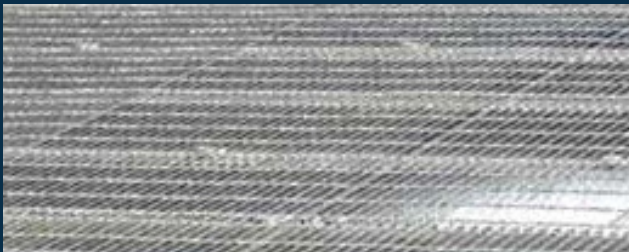

Plywood

A strong durable pre sanded panel recommended for high point loading e.g. Pallet Jacks/Racking.

CFC-Compressed Fibre Concrete

High fire resistant, recommended for wet areas and high point loading e.g. Pallet Jacks.

Grid Mesh

Grid Mesh has an extra anti slip surface which is ideal for walkovers, catwalks, ramps, and applications where lighting can be used from above.

Chequer Plate

Pattern holds non slip characteristics which is recommended for walkways, ramps and non-slip areas.

Q&A

Want to learn more about mezzanine floors? Here are some of the most frequently asked questions and answers.

Q Building regulations – who makes sure the mezzanine floor design, manufacture and installation is fully compliant?

A Adex are licensed builders and only used licensed tradesmen for installation to ensure our projects are professionally finished to the highest standards, and fully compliant to all Building Codes and Australian Standards.

Q Once the order is placed, how quickly will things get moving?

A On confirmation of order and payment of deposit, Adex will carry out an accurate site check measure for fabrication, and install team will be on site within 2-3 weeks.

Q Can we order a different colour other than blue grey or black?

A Yes, but it will be an additional cost.

Q Do you only do timber flooring?

A No, we can do CFC (compressed fibre concrete) grid mesh or chequer plate.

Q Do your mezzanine floors come in the one standard size?

A No, every Adex floor is customised and designed to suit your individual applications.

Q Who does the design, fabrication and installation of Adex Projects?

A Adex Group has the expertise to design our own in-house fabrication facilities to ensure quality assurance is second to none, and every installation is project run by Adex with experienced and licensed tradesmen.

Q What are your load ratings?

A Adex can design and engineer any loading you require. Our minimum is 300kg/m² for light storage and office areas, main loading 500 kg/m² for storage.

TESTIMONIALS

From boosting storage and operational capacity to delivering measurable returns, these testimonials highlight how strategic capital investment in mezzanines has helped businesses grow without expanding their footprint.

“Thank you so much, the lads installed the mezzanine floor this morning and it is fabulous. Life will be a lot easier now. Thanks to the team, it was a pleasure dealing with Adex Group.

The installation team were a treat as well. Really nice guys, and they know their stuff. It was really good to see them complete the task. Excellent value and great quality.”

Russell C.
TechSoft

“Jake and Kyle where fantastic and represented your company outstandingly. We will be going ahead with the other mezzanine as soon as we get the tenant sorted. Will be a couple of months. You guys have been brilliant to work with.”

Ben H.
Cater Cool Pty. Ltd.

I just wanted to drop you a note to say that we are very happy with the mezzanine and the service provided. The installation went without a problem and the overall result is very good. Thanks for your good work.

Andy C.
Patient Handling

“Just a quick email to express my thanks and gratitude for a job well done. We are very happy with the mezzanine level.

Each and every employee and the installers, are credit to your business. They have all displayed politeness, pride in their work and were genuinely great guys. It has been a pleasure to deal with a great family company and I wish you every success you all deserve.”

Lia K.
Peble Masters

“We appreciated your swift installation. Your Contractors were great. I would highly recommend you guys.
